

# TSA Market Development Fund Application Form

## About the TSA Fund

TSA invests in market development and research initiatives to drive sustainable outcomes for end-of-life tyres in Australia, by:

- Funding Australian designed, developed and built solutions that increase used tyre resource recovery.
- Committing to research and development for new productive uses for used tyres.
- Commercialising new products and projects.

TSA funds projects and research that align to Tyre Product Stewardship Scheme objectives it administers and its [strategic objectives](#) including:

- Creating new industries and jobs.
- Increasing the circularity of used tyres.
- Reaching for the best outcomes in the waste management hierarchy
- Reducing the environmental harm caused by the illegal dumping or stockpiling of used tyres.
